

# Start<sup>+</sup><sub>2.0</sub>

Do you want more customers and sales?

## It is time for Start-Up Plus 2.0!

*The Start-Up Plus 2.0 service is aimed at entrepreneurs who have received a start-up grant. The service is free of charge and is designed to help your company grow.*

TE Services offer this coaching service in order to support new entrepreneurship in Finland. Start-Up Plus 2.0 is provided by contract partners, such as us. The service includes at least one meeting with our business advisor as well as a written plan to help you with the sales and marketing measures of the company.

Use the service in 2 to 3 months after beginning operations. In that period, you have gained an understanding of entrepreneurship, and a coaching session with a business advisor will focus on your success.
